

Call for proposals - Conference in art therapy - June 2,3,4, 2011 -Appel de communication -  
Colloque en art-thérapie à Rouyn-Noranda - 2, 3 et 4 juin 2010

Conference entitled "Quests for Identity: The Background of Art Therapies", to be held in Rouyn-Noranda, on June 2, 3 and 4, 2011. Firstly, we are happy to inform you that we have extended the submission deadline to **November 15, 2010**. Secondly, we would like to highlight the presence of an internationally renowned keynote speaker, Dr. Jean-Pierre Klein, from France. Other presenters, from France and Quebec, and possibly from Great Britain will also be present. We look forward to meeting expressive art therapists from different parts of Canada as well.

Our interest in your participation is in regards to your own professional practice, experience and expertise. We would be pleased if you could share with us either some aspects of your practice, the ways in which you use your art or different artistic methods in the healing work, or how your training prepared you to work in the way that you do with people, for example. Our theme is not a restrictive one.

Message du comité scientifique (Jocelyne Labrèche, Jacinthe Lambert, Pierre Plante, Diane Ranger, Denise Tanguay et Philippe Voglimacci)
